BEFORE YOU TURN YOUR V1 ON FOR THE FIRST TIME

Welcome to the BlueAnt Colony and congratulations on buying a BlueAnt V1, the world's first Voice Recognition Bluetooth headset.

To fully enjoy the experience of the V1, please place the unit in your ear before turning it on. Once the V1 is securely in place, turn it on (press and hold the BlueAnt Button for 3 seconds) and simply follow the voice prompts to experience the future of Bluetooth.

Enjoy!

The BlueAnt Team
