May 23<sup>rd</sup>, 2005

### BLUEANT LAUNCHES NEXT GENERATION BLUETOOTH HANDSFREE KIT

The Supertooth II handsfree speakerphone provides the user with exceptional sound quality via totally wireless Bluetooth technology. Mounted on a magnetic clip attached to the vehicle sun visor, the Supertooth II is the ideal Bluetooth handsfree solution requiring zero installation costs, as well as the ability to change vehicles quickly and easily.

With an in built rechargeable lithium ion battery offering an amazing 20 hours talk time and 800 hours standby time, the Supertooth II allows mobile users to hit the road and communicate on the move in a seamless and technologically advanced manner.

Blueant Wireless Managing Director, Taisen Maddern, says, "Supertooth II is fitted with a Digital Signal Processor (DSP) which filters both the microphone input and speaker output to enhance sound and clarity and is supported by enhanced automatic volume control. Combined with hassle free installation and ease of use, the Supertooth II is one of the most superior and versatile handsfree units available in the world today."

Supertooth II is easily paired with Bluetooth enabled mobiles and features large 50mm high performance speaker, auto-answer function, one touch redial/answer function and connection range of 10 metres. It also supports once-touch pairing for easy connection to Bluetooth devices.

Released into the Australian market by leading mobile communication hardware provider, Blueant Wireless, the Supertooth II is supported by Blueant's committed customer service and 24-month hardware warranty.

#### Supertooth 2 delivers a range of benefits including:

- Easily installed, within seconds, using a dual sided magnetic clip which attaches Supertooth to the car visor directly in front of driver.
- Pivotal microphone for maximum voice pick up.
- Single hang up and pick up button with automatic ON/OFF when microphone arm is folded.
- Calls are initiated and ended with a single touch of a button.
- Lithium-Ion rechargeable battery which provides 20 hours of talk time and 33 days of standby time.
- Two types of chargers supplied with unit - travel and in-car.
- Compact, lightweight, modern design

The Supertooth II is compatible with any Bluetooth mobile phone.

**RRP \$199** - Available nationally through Telstra Retail Shops.
